

Some People think that the government is wasting money on the arts and that this money could be better spent elsewhere.

To what extent do you agree with this view?

These days by considering ~~the~~ technology thriving and cities modernization, all aspects of people's life are being invaded and it is one of the main duties ~~y~~ of people to ~~adapt rapport~~ their life style with this development. it is inevitable that technology molds ~~s~~ our life's shape, but we need to be ~~cautious~~ /conscious and we must keep the same pace with this phenomenon. one of the prominent ways ~~s~~ to alter the life's theme is art which need to be considered by governments more than ~~ever. this~~.

Firstly and foremost, in addition ~~to of the our~~ physical ~~needs appetites~~, our morality ~~has to need to~~ be taken into account as a main part of our daily life. ~~The~~ government as an executive part of each society should devote all its capability to create a fresh ~~community society~~ which provides ~~the~~ all members with prosperity and happiness. In spite of the beneficial issues that play ~~a the~~ crucial role in our society and life, people have other aspirations that need to be considered.

Art and artists create ~~a the~~ happy atmosphere in society, ~~where in each society~~ the greatest ~~est~~ proportion of the emotional issues ~~are being handeled is handling~~ by artists such as ~~S~~singers, actors, painters, ~~and~~ musicians.

By allocating ~~the a~~ fair budget of the investment on the arts, governments ~~s~~ can prepare ~~a calmer~~ and more peaceful life. in last decades, athletes ~~took assign~~ the largest proportion of the budget but artists and the arts ~~s~~ can ~~walk~~ abreast ~~of with~~ sports due to ~~the theirit's~~ positive essence .

~~To put into in a~~ nutshell, I am of the opinion that art deserves ~~the~~ more attention and it is axiomatic that the ~~more much~~ consideration is needed, the ~~more much~~ investment should be borne.
